

proj\_main\_loop

```
graph LR; A[proj_main_loop] --> B[highscores_loop]; B --> C[draw_high_scores];
```

A flowchart illustrating a sequence of three functions. The first function, 'proj\_main\_loop', is in a white box. A blue arrow points from it to the second function, 'highscores\_loop', which is also in a white box. Another blue arrow points from 'highscores\_loop' to the third function, 'draw\_high\_scores', which is in a gray box. This visual distinction likely indicates that 'draw\_high\_scores' is the final or active function in the sequence.
